

This division of schools is an example for clarification of Proposal #8 on page 12 to be voted on in January at the LHSAA Annual Business Meeting on January 27, 2012 in Baton Rouge. This document is for the sports of **football** and contains a division of schools as to how they possible will be divided for the playoffs. The dual schools are the only ones that I am not sure what category in which they fit. As the proposal is written, select schools from Divisions I & II will join to form Division V for playoff purposes and select schools from Divisions III & IV will join to form Division VI. If this proposal passes we would crown six football champions each year.

Schools in yellow are non-public schools.	Schools in green are dual curriculum schools.
Schools in blue are magnet schools.	Schools in pink are charter schools.
Schools in gray are Recovery Schools.	Schools in red are university lab schools.

Schools in white are public, non-select schools.
