

This division of schools is an example for clarification of Proposal #9 on page 15 to be voted on in January at the LHSAA Annual Business Meeting on January 27, 2012 in Baton Rouge. This document is for the sports of basketball, baseball, softball, cc, and track and field and contains a numerical listing of all schools as to how they would be divided under the 6 class system without football being a factor. The schools in pink are all-girls schools and the schools in green are co-ed non-football schools.
