Section 12: Bowling

- 12.5.6** All school declaring to enter teams in the boys' state championship competition and/or girls' state championship competition shall file an official LHSAA entry form(s) with the Executive Director's office and the state tournament director by the 37th week of the NFHS calendar. The entry blank(s) shall be postmarked no later than the date listed in Rule 12.1, Important Dates, in this section and shall be accompanied by a \$30 entry fee per team per sport. If a school fails to meet the entry deadline, it shall be allowed to file a delinquent entry form accompanied by a \$100 fine for each delinquent form if postmarked no later than the date listed in Rule 12.1, Important Dates. After that date, no entry forms shall be accepted.
- 12.5.7** The LHSAA shall award first and second place state championship trophies and ten individual participant certificates to each first and second place team in each sport.
- 12.6** **STATE TOURNAMENT – SINGLES COMPETITION**
- 12.6.1** *All bowlers listed on a school State Tournament roster will advance in the singles competition as long as their team advances in the team competition.*
- 12.6.2** *The LHSAA shall recognize the top three bowlers in both the boys' and girls' division.*
- 12.6.3** *Girls qualifying from the co-ed boys' division shall enter singles competition during the earliest round available. A co-ed team shall allocate a maximum of four (4) bowlers in the boys' division and a maximum of four bowlers in the girls' division. A bowler must qualify under the minimum two game rule. Failure to have any girl qualify under the two game rule on a losing team would have the losing team treated solely as a losing boys' team.*
- 12.6.4** *The highest scoring bowlers (minimum of a two game average; three game average if a participant bowls three games) from the losing team will be compared to determine who advances to the next round.*
- 1. A losing team is defined as having eight (8) bowlers in competition.*
 - 2. The number of teams eliminated in a round will determine how many bowlers are selected for singles play in the next round. Example: Two teams eliminated $2 \times 7 = 14$; Four teams eliminated $4 \times 7 = 28$*
 - 3. The top twenty percent (20%) of the bowlers will advance. Any percentage of .5 and above shall constitute a full person and all average ties advance to the next round. Example: $14 \times 20\% = 2.8$ or 3; $28 \times 20\% = 5.6$ or 6*
- 12.6.5** *A participant in the singles competition shall bowl two games of singles completion while the team competition continues at each round of play. This would not apply to a "play in round." The number of eligible singles bowlers scores (two game average) would be compared to the losing teams averages (seven bowlers per team) and the top twenty percent (20%) will advance to the next round.*
- 12.6.6** *This formula shall be used until the finals of the state tournament. At the state tournament, all bowlers participating on the two final teams and all single bowlers who qualified shall be eligible for state singles honors. The single bowlers shall bowl three games in the final round. All scores shall be compared (two game average minimum) and the bowler with the highest average will be crowned the LHSAA State Singles Bowling Champion.*
